

# ecoENERGY Heating Retrofit Grants and Incentives For Small and Medium Sized Businesses

A Natural Resources Canada (NRCAN) Initiative

- DO YOU CURRENTLY HAVE SOMEONE PICKING UP YOUR USED OIL ?
- IS YOUR CURRENT FURNACE, RADIANT TUBE OR BOILER SYSTEM OVER 12 YEARS OLD ?

Then consider retrofitting your facilities to utilize your used oil as a fuel source instead of paying for Natural Gas, Propane or Heating Oil. Save energy and save money by upgrading to one of our approved boilers or furnaces **and** qualifying for a *NRCAN* ecoENERGY financial incentive. This government sponsored program is aimed at helping small and medium sized businesses implement energy saving projects that will reduce their energy consumption through the installation of more energy efficient heating systems, while at the same time, helping them become more competitive by increasing their

**Call 780-719-9903 Today** to find out more about these incentives and get Pre-Approved for up to 25% of your total heating retrofit costs.

- *Furnaces From 125,000 to 500,000 BTU*
